

## One alluring countertop collection.

*Presenting VT Dimensions Countertops*

## Remarkable dimensions like you've never seen before.

So unique. So unexpected. And so incredibly dimensional. When something comes together this seamlessly, it gives you a refreshing new perspective—and leaves a lasting impression. That's the distinctive allure of VT Dimensions countertops.

More than just a flat surface, VT Dimensions countertops bring everything together into one seamless and contoured offering—from the slab-like core, to the naturally beautiful surface, to the premium edge profile that imparts the elegant final touch. They captivate you with bold shapes and unique textures.

VT Dimensions offer so much more than simple postformed laminate countertops. With more surface options, in-stock colors, and edge profiles available, they enable you to add a whole new level of distinction in your kitchen, bath, and more.

### THE FUTURE IS BEYOND FLAT.

*Experience the remarkable beauty of VT Dimensions.*

### The advantages of VT Dimensions.

#### Seamless look

The countertops are formed as a single piece from the backsplash to the front edge, creating a seamless surface with incredible depth and dimension.

#### Natural beauty

High-definition patterns create the authentic natural beauty of granite, stone, or marble.

#### Low maintenance

The durable surface resists scrapes and scuffs—with no polishing or resealing required.

#### Easy cleaning

The all-in-one surface also helps avoid the collection of dirt and grime for a product that is much easier to keep clean.

#### Color options

Along with the industry leading laminates from Wilsonart®, Formica®, and Pionite®, VT offers 5 exclusive color options from the VT Dimensions Capture Collection.

## Taking service and support to another dimension.

When you choose a VT Dimensions countertop for your home, you can rest assured it will be installed with the same craftsmanship and attention to detail that went into its manufacture.

As the industry leader, VT has brought a higher level of service to our countertop customers since 1956. It's all possible thanks to the VT PRO Team—our nationwide network of highly skilled fabricators. These professionals are trained directly by VT to assure the same precision and craftsmanship in all four corners of the country.

You can also feel confident knowing that your VT Dimensions countertop is manufactured using environmentally friendly materials and practices. Our biodegradable, water-based adhesives virtually eliminate harmful Volatile Organic Compounds (VOC). In fact, VT is the first and only manufacturer to produce postformed laminate countertops that are both GREENGUARD Certified and FSC® certified.
